In this email Heather is asking when a man who has passed away is going to be punished by trying to view the sign near her house

So sorry to hear that.

However, that still does not change our situation.

We need restriction of access, and we need it NOW.

Thank you,  
Heather

Sadly, Mr. Grijalva died last week; he had been sick for some time. I am not sure there is a definition for what you are seeking, but I'll leave that to other staff to respond to if you still wish to pursue the matter.

Hello,

I have yet to hear what will happen to Mr. Grijalva. On December 5, 2015,, he boldly disregarded a multitude of signs and broke the law, parking where there is NO vehicular access on the dirt portion of dirt Mulholland, then proceeding to let his brood trample on PRIVATE PROPERTY to get photos of the Hollywood sign. He then had the audacity to show me his City business card to "justify" his law breaking behavior when I confronted him.

Second, I am still waiting to hear what is the operational definition of ACCESS.

There are City signs all over our neighborhood that read: "No access to Hollywood sign" YET there is unlimited access. So if those signs are supposed to be deterrents, they have clearly FAILED as even your own employees cannot abide by them.

Thank you,

Heather
